### Instructions:

Closed book, closed note. One-page single-sided note-sheet with hand-written material (OK to prepare using tablets) and a scientific calculator are allowed.

Students are NOT allowed to access any resources other than the note-sheet.

Give all formulae used and **explain your steps** in each problem. Keep at least five significant digits in your calculation in root-finding problems.

Students must turn on camera at all time.

Students must sign and date the academic integrity form. The exam will not be graded if missing the signature and date.

Submit the exam and note-sheet in Gradescope before 11:00 AM on Friday 7/17/2026.

Students must be available between 11:00 AM and 1:00 PM Friday 7/17/2026. Selected number of students will be contacted for a 10-min oral exam. Please make sure to have a working camera and microphone. The selected students will be provided via email with a Zoom meeting link and a time window to meet.

**Academic Integrity:** Read and sign the following statement. Students can hand-write the statement on a piece of paper. Students must include it in the submission. The exam will not be graded without the signed statement.

I, \_\_\_\_\_ (student name), confirm that I have displayed the utmost academic integrity while completing this exam. I did not give or receive assistance from anyone in any format. I acknowledge that the instructor has the right to give failure course grade and report to the UCSD Office of Academic Integrity if any violation occurs during the exam.
